

In Mary Sumner's Footsteps: Activities for local groups

How can we follow in Mary Sumner's footsteps?

It isn't easy to follow in the footsteps of such an inspirational woman – but the 'How can we follow in Mary Sumner's footsteps' document in the theme resources can give you some starters.

A Footsteps Display

Could your local group use a display of footsteps to inform your church congregation and/or community about the work of Mothers' Union?

Start by considering what it is that makes you proud to be members of Mothers' Union. Think about all that Mothers' Union does in your local parish, in your diocese, nationally and globally.

Cut out footprint templates. Some sample footprints can be found in the theme resources.

On each footprint put a few words (and a picture if possible) to explain a little about that aspect of Mothers' Union. Use these footprints to create a display to demonstrate the continuing mission of Mothers' Union members who are following in the footsteps of Mary Sumner.
